About Us

Scribbled space is a journey started out with two zealous, highly creative, and experienced minds coming together with the same vision. Amisha Shah & Chaitrali Gaonkar coming from totally different parts of their worlds met through a digital agency, and the spark of mutual creativity hit instantly. Intuitively, both realized they had a keen eye for creativity and had a dream to have their own mark in the designing industry, thus they together incepted Scribbled Space.

Sppellbind

Sppellbind is a tailored fashion boutique based in Gandhidham, Gujarat.

Background:

Before us working on the project the business profile lacked the professional touch, it was more like a personal profile rather than a business page and did no justice to the amazing brand.

What we did:

We build their profile in a way that positioned them as a bespoke fashion boutique. We also went deeper with the presentation of their dreamlike collection.

Ravyaa

Background:

Ravyaa is a premium gold plated kundan jewellery brand began with walking on the footsteps of their parent company which holds a legacy of 25 years in the manufacturing of Kundan Jewellery

What we did:

With their online presence we made sure each and every individual visiting their profile would feel a personal connection, spot quality and engage with an unique experience.

Ad Campaigns are consistently runned for Ravyaa with the objective of bringing genuine traffic to their website and generating sales.

Aqua Heal is an aquatic physiotherapy centre based in Mumbai, Maharashtra

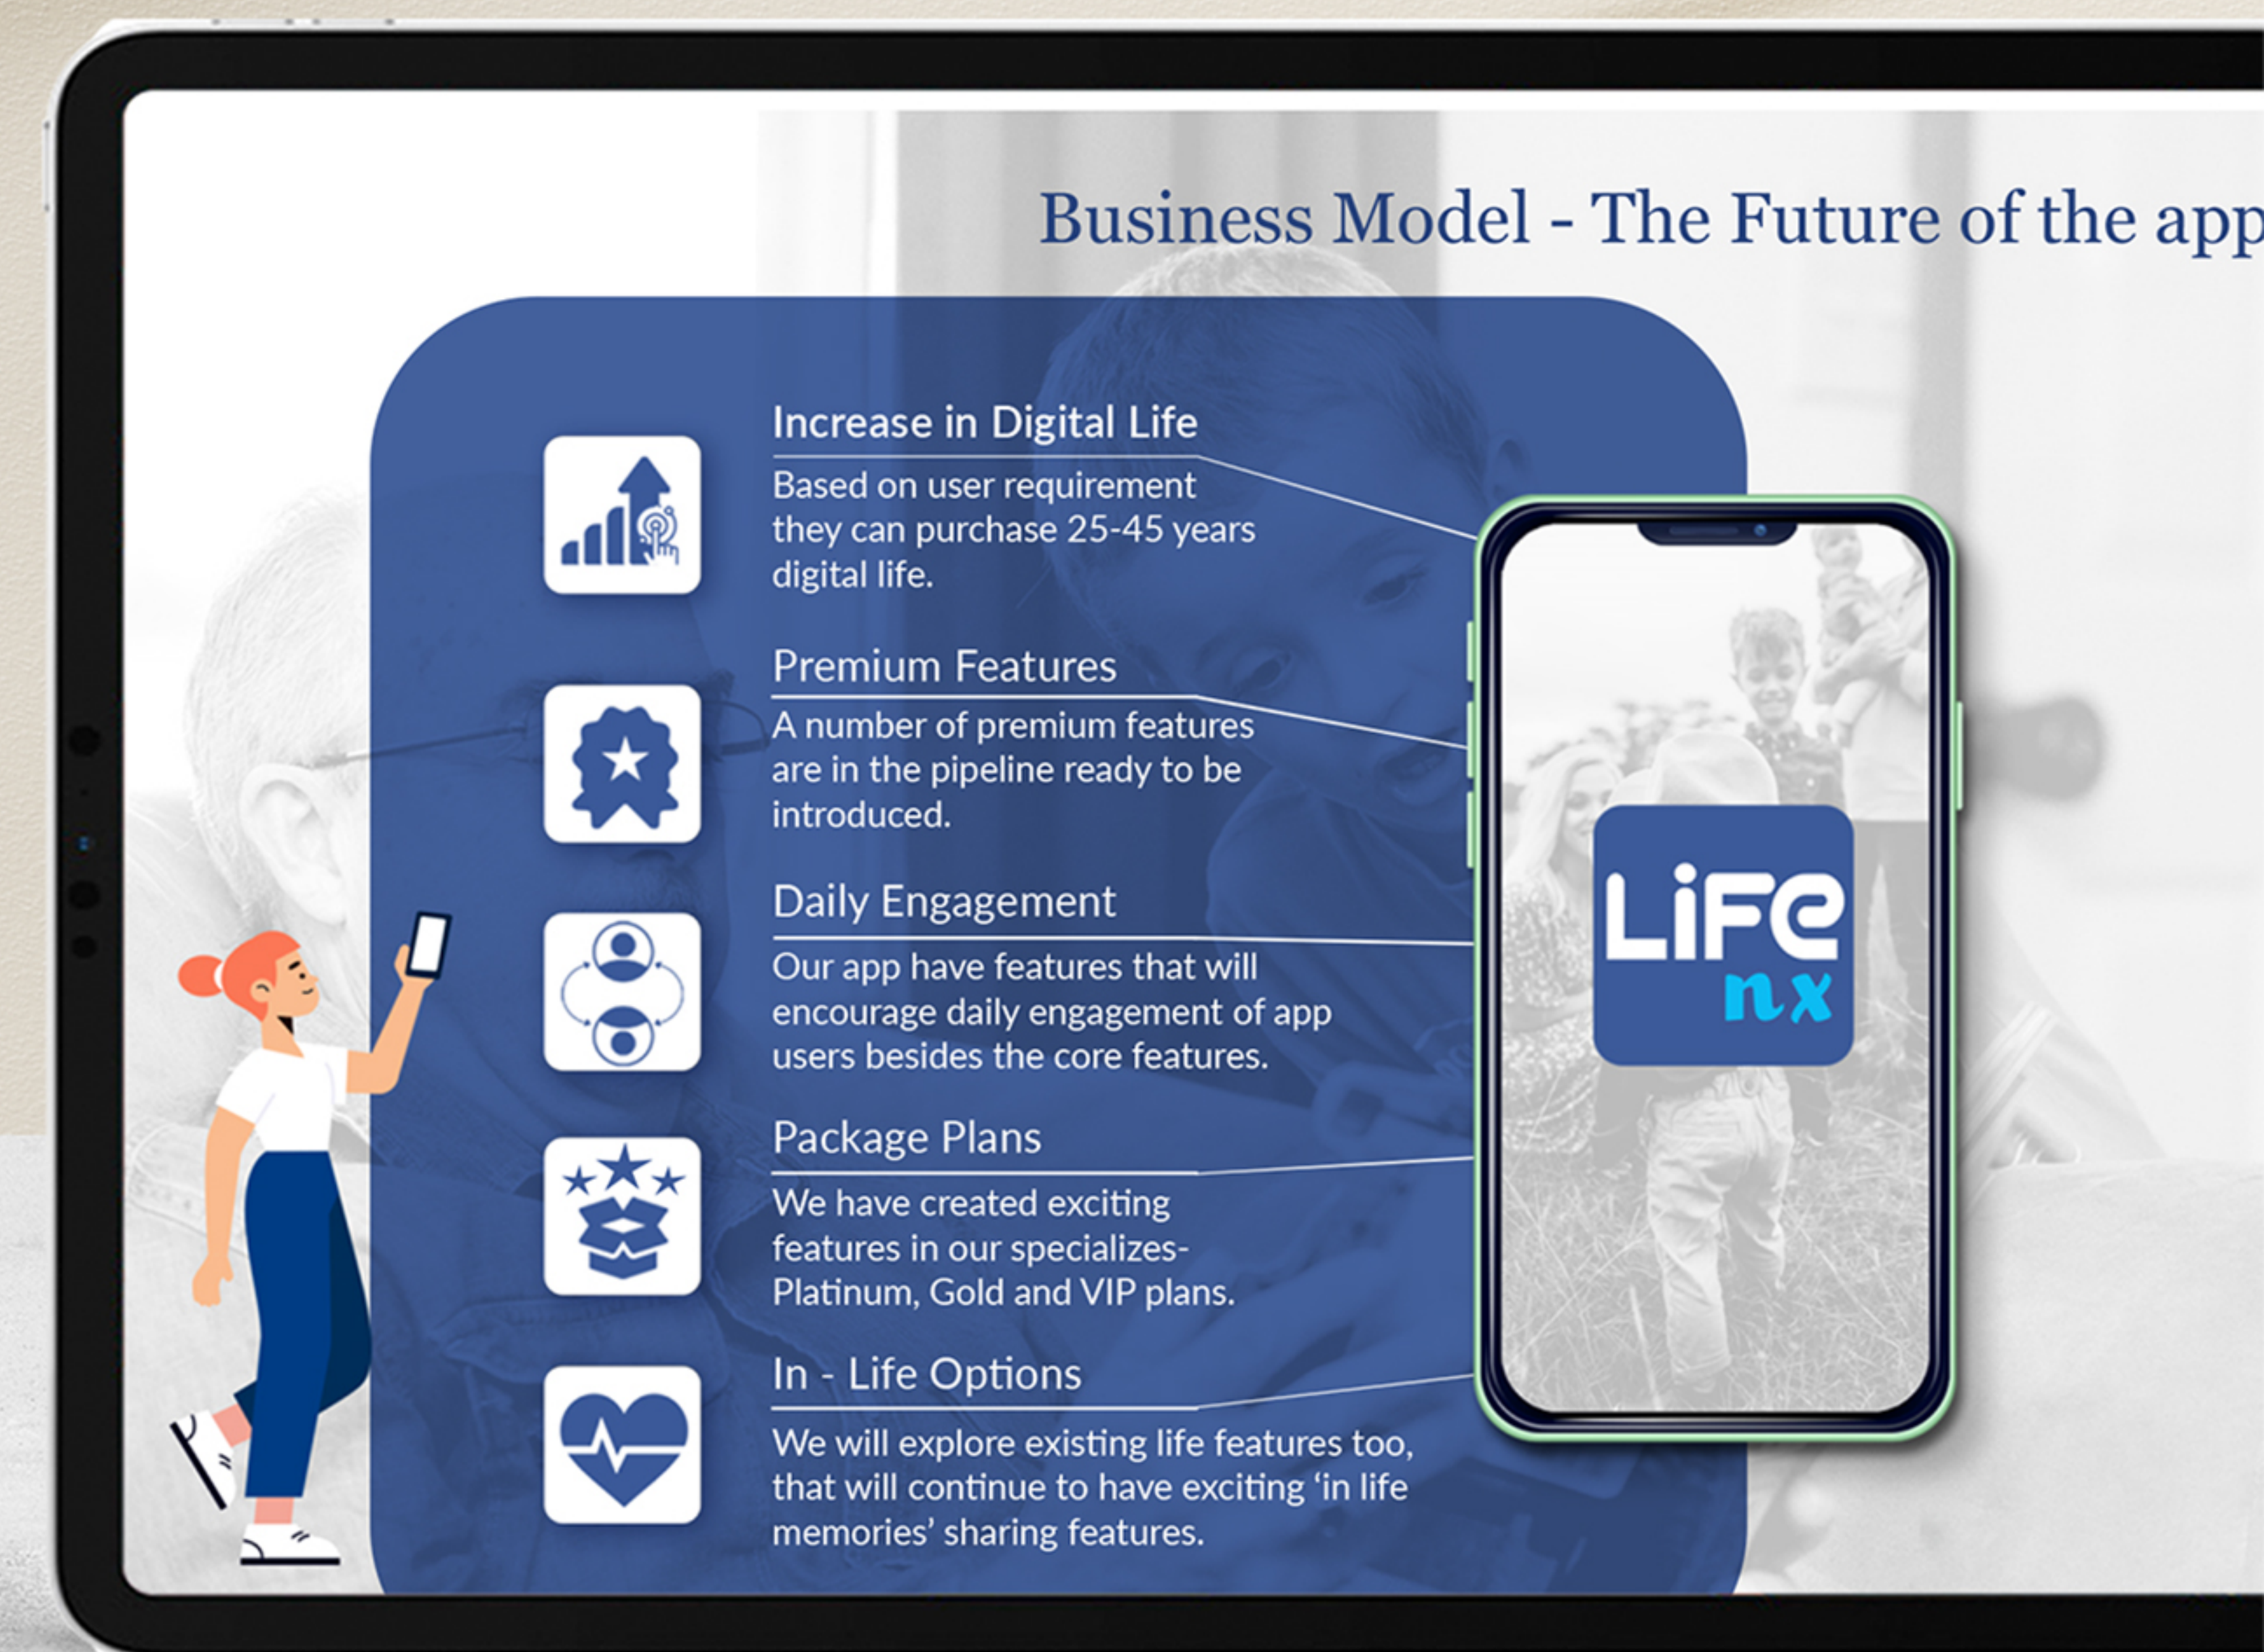

We crafted their overall brand identity including their brand name which involved working on connecting dots between the power of healing and water.

Rebranding for Marrigold Events,
a wedding and event design company based in Mumbai.

Echoing what marigold represents in our culture we symbolized it
with a beautiful motif within the brand name, accentuating it
with a gleaming gold imprint.

Keeping in mind the emotional quotient surrounding the app we best tried to showcase the positive side presenting meaningful connections, happy memories, encouraging assets and so on.

TESTIMONIALS

We had the pleasure of working with Scribbled Space for our branding needs, and we couldn't be happier with the results. Chaitrali and Amisha are an exceptional duo, bringing a perfect blend of creativity and professionalism to the table.

From the very first meeting, their innovative ideas and keen sense of design stood out. They took the time to understand our vision and translated it into a brand identity that truly represents what we expected.

They went above and beyond in delivering high-quality results that exceeded our expectations.

Sajeesh Soman
Founder of Nariyal

Certainly the most humble bunch of people in the business. I practically gave them an open brief and they helped me get it right before initiating the project. I believe digital assignments are all about good planning and this team is capable of delivering it with consistency.

Himanshu Paliwal
Owner of Krstle

Its great to see such young talented girls, not only doing awesome designs and putting their skills to work timely. Amisha and Chaitrali really know how to make a career out of it. They are quiet professional and brilliant in their work.

There is no denying the fact, Scribbled Space has very brilliant design heads running it. Hope to see them grow and lucky to be a part in their journey.

TESTIMONIALS

Working with Scribbled Space is an amazing experience so far and continuing. They are professionals and are very creative. We are doing social media design and content work from them. Their work speaks. Small brands are becoming bigger. Keeping branding concepts also with graphic designing will add a star in their work. If we look at prices also, they are friendly. There is always more scope for everyone, I wish this team good luck and my wishes are always there

Sonu and Sushil Jain
Founder of Suncity Jewels

Scribbled Space for me has been a very smooth and easy process. I wanted to design my logo and gave them the brief of how I wanted it to be and they delivered it perfectly and much better than what I had imagined it to be. They have been so humble and constantly communicated with me by giving exceptional and wonderful ideas. I will definitely look forward to getting more things done

Nidhisha Ajit
Founder of B'Cube

Scribbled Space for us have been very easy to work with.

Common Sense, Strategic Thinking and Intelligent Ideas as simple as that with us, they connect.
